THE HONG KONG POLYTECHNIC UNIVERSITY Faculty of Engineering Engineering Doctorate Programme

RESEARCH PROJECT PROPOSAL

Name of Candidate:	Applicant Full Name
Date of Admission to this programme:	December 9, 2014

Full time mode

1. Project Title:

Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like "Huardest gefburn"? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

2. Project Objectives: (Purpose of proposed investigation)

Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like "Huardest gefburn"? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

3. Scope and Background of Research:

(Please identify key issues/problems to be addressed)

Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like "Huardest gefburn"? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

4. Research Methodology:

Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like "Huardest gefburn"? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be

written in of the original language. There is no need for special content, but the length of words should match the language.

5. Project Significance and Value:

Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like "Huardest gefburn"? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

6. Details of Any External Collaboration:

Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like "Huardest gefburn"? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

In these circumstances, are there likely to be any complications associated with the publication of your thesis? Give details.

7. Project schedule

Hello, here is some text without a meaning. This text should show what a printed text will look like at this place. If you read this text, you will get no information. Really? Is there no information? Is there a difference between this text and some nonsense like "Huardest gefburn"? Kjift – not at all! A blind text like this gives you information about the selected font, how the letters are written and an impression of the look. This text should contain all letters of the alphabet and it should be written in of the original language. There is no need for special content, but the length of words should match the language.

8. Research Ethics / Safety Approval

(For ethics approval, (Temporary) Chief Supervisor please read the Guidelines for Ethics Review of Research/Teaching Projects Involving Human Subjects, which are available at https:// www2.polyu.edu.hk/research_handbook/appendix/ap6g.pdf, and make sure that ethics approval is obtained if your project involves human subjects. For safety approval, please read the policy and procedures for safety approval available at the Health, Safety & Environment Office Homepage. Please attach the approval letter where appropriate.)

(Temporary) Chief Supervisor confirms that approval:

	* has been obtained	* is not required	* will be obtained before the start of the project
Human Research Ethics			
Animal Research Ethics			
Biological Safety			
Ionizing Radiation Safety			
Non-ionizing Radiation Safety			
Chemical Safety			
(* Please tick as appropriate)			
Statement of the Applicant			
I wish to register for the research project co	omponent on the bas	is of the proposal gi	ven in this Form.
I understand that, during the period of my degree or award.	registration with the	University, I may n	ot be a candidate for any other
I understand that, except with the specific pomy thesis in English. (You are required to ate to the subject, is to be used in the pre application)	seek permission if an	other language, whi	ich is considered more appropi
I undertake to abide by the general regulati	ions of the University		
Signature(Applicant)		Date	December 9, 2014
(Applicant)			
Name of Applicant Applic	cant Full Name		

10. Endorsement by the Proposed Chief Supervisor

	Signature of Chief Supervisor		Department	Computing			
	Name of Chief Supervisor	Supervior Name	Date De	ecember 9, 2014			
	[Please send this form to	the Departmental Res	earch Committee]				
11.	1. Recommendation of Chairman of Departmental Research Committee						
	I support /do not support this pro	oject proposal.					
	Comments:						
	Signature(Ch	airman, DRC)	Date				
12.	Recommendation of Hea	ad of Affiliated Departm	nent in the Universi	ty			
	I support this application, and confirm to the best of my knowledge that adequate facilities will be provided to enab the student to conduct and complete the research programme in an efficient and safe manner. I also agree to provid adequate research space for the applicant during the research programme.						
	Signature		Date				
	(Head of Department)						

[After completing all sections, please return this form to the Ms Stephanie Wong, Secretary of EngD Programme Committee, Faculty of Engineering.]
